African Pool in Tiwi, Diani Beach 🏠

Ksh 5,000 minimum 10 people

What you'll do

We will meet at the starting point and cross Kongo River. The trip takes place during low tide so crossing the river is as easy as crossing a small gentle stream.

We will take an easy, slow, scenic 10 minutes motor bike ride through beautiful Tiwi, you get to have a feel of how the local community lives in this area, during the ride.

Everyone gets their own personal motorbike with a well trained rider to make it more comfortable and fun.

We will then take a 10min BEACH walk to the African pool from where the motorbike leaves us.

On the walk we will pass through significant caves and cliffs, with different shapes and forms carved by the ocean waves continuously slapping on them during high tide.

You will notice lots of smaller pools that are home to tiny colourful fish and exotic sea life such as sea spiders, the red crab, sea urchins and sea cucumber. Almost feels like a natural aquarium.

At the African pool we will swim and soak in the sun for about an hour before heading back to the starting point

If you are daring enough you could climb up the nearby cliffs and dive into the pool.
